## RECENT WAR ORDERS.

**Two Physicians to Serve With Each Regiment.**

## REGULATIONS FOR BURIAL

**Of Officers Killed In Action or In the Line of Duty.**

## THE PAY OF CERTAIN OFFICERS

**Battalion Adjutants Are to Be Remunerated as Regimental Officers Which They Have Entered the Service as Part of State Organizations.**

Washington, Sept. 27.—The war department has ordered that at least two medical officers shall always be left on duty with each volunteer regiment, including a surgeon with the rank of major, and all regiments will be allowed four hospital tents and field furniture to equip them for a regimental hospital for each regiment.

The regulations relative to the burial of officers killed in action or who die on duty in the field, at military posts, or when traveling under orders, have been amended so as to provide that the remains may be transported to the homes of relatives if they so desire, or to the nearest military post for burial. That expense will be paid from the appropriation for transportation, and the allowance for other expenses has been increased to \$75.

Soldiers suffering confinement by sentence of court martial, but not dishonorably discharged, belonging to volunteer organization, have been ordered paroled while their regiments are on furlough preparatory to being mustered out, and the unexecuted parts of their sentences are declared remitted.

In the few cases where battalion adjutants and battalion sergeants major have entered the service as part of state organizations, the department has ordered that they be paid as regimental officers, but vacancies occurring in those places are not to be filled by appointment, else the appointee will receive only their company pay.

The pay of a chaplain of volunteers is fixed at that of a captain mounted.

Volunteers who were not paid for the period between the date of muster in are now ordered to be paid at the next pay roll at their command.

**Sent for Bradford.**  
Washington, Sept. 27.—The first word that has come to Washington from the American members of the peace commission since their departure, save a brief announcement of arrival in England, was received at the navy department, being a cablegram requesting that Captain Bradford, chief of the equipment bureau, be sent at once to Paris to assist the commission. As the officer is the leading expert of the navy department in the matter of coaling stations, ocean routes of communication and strategic points, the inference is that the commission expects to begin promptly the consideration of those subjects so far as they relate to the Philippines and the Ladrones.

**Major Brooke's Statement.**  
Washington, Sept. 27.—The following cable has been received at the war Ponce, Porto Rico: "Cable regarding sickness and want of rations received. That there are sick is a fact. A small proportion are bad cases, but there has been no want of food. The last report gives total of sick 2,500; 400 typhoid and 498 malarial fever; 237 diarrhoea. Other diseases, 1,314; percentage, 23. Think return of regiments now here would not be advisable, as others coming would have to go through acclimating condition. Would advise that certain sick be sent home whose recovery would doubtless be quickened."

**To Investigate Porto Rican Affairs.**  
Washington, Sept. 27.—President McKinley has appointed Rev. Dr. Carroll of North Plainfield, N. J., a special commissioner to visit Porto Rico, and make a study of conditions in the island, with special reference to the currency, taxes and educational affairs. Dr. Carroll will report to the president through the secretary of the treasury, and his investigations will be of value in shaping the president's recommendations for legislation affecting the island.

Washington, Sept. 27.—The following cablegram was received at the war department from General Otis at Manila: "Understand that reporters send exaggerated accounts of sickness. Total in hospital, 529; typhoid fever patients, 95; all doing well and mostly convalescent. About 1,200 excused from duty, mostly slight ailments, showing condition fair for this latitude. Nineteen deaths from disease this month and 23 in August."

**Sate in Paris.**  
Paris, Sept. 27.—The peace commission of the United States arrived here from London, and was met at the railroad station by the United States embassy, a number of Americans and many reporters. A considerable crowd outside the depot witnessed the departure of the commissioners for their hotel. The journey from England to this city was uneventful.

**May Seize Insurgent Fleet.**  
Manilla, Sept. 27.—When the United States auxiliary cruiser McCullough captured the insurgent steamer Abbey, formerly the Pasig, 60 miles south of Manilla, the Abbey, it is believed, having landed 7,000 rifles, an insurgent gunboat followed the American vessel into Cavite and now the Americans contemplate taking possession of the entire insurgent fleet, because the vessels are flying an unrecognized flag and are liable to seizure, as pirates, by the war vessels of any nation.

**Will Go to Honolulu.**  
Washington, Sept. 27.—The navy department has decided to send the big ocean-going tug Iroquois, now at San Francisco, to Honolulu for the use of the naval station to be established there. This vessel was purchased by the government during the war as an auxiliary naval vessel, and it is said that in addition to rendering service as a harbor tug at Honolulu, she will be used as a dispatch boat running from Honolulu to San Francisco.

**Used Her Own Steam.**  
Santiago, Cuba, Sept. 27.—Details just received of the floating of the Spanish armored cruiser, Maria Teresa, show that with the help of dynamite she was blown off the rocks into deep water on September 23, and proceeded under her own steam some time afterward to Guantanamo, accompanied by one of the tugs of the Merritt Wrecking company. She will shortly leave for New York.

**Called on President.**  
Washington, Sept. 27.—General Oates called on the president and submitted a number of recommendations for staff appointments and promotions. He also told the president it would be unwise to remove that roopa at Camp Meade within three weeks. About the middle of October the camp is to be broken and General Oates says the men probably will be taken to Georgia or Alabama.

**Ohio Soldier Killed.**  
Camp Meade, Middletown, Pa., Sept. 27.—Private Benjamin Derlounier, company M, Tenth Ohio, was struck by lightning and instantly killed during a heavy rainstorm, while guarding the tent of a military tailor. Derlounier's home is at Cincinnati.

**Order Revoked.**  
Camp Meade, Middletown, Pa., Sept. 27.—The order consolidating the Fifteenth Pennsylvania regiment and the Ninth Ohio colored battalion has been revoked, and they will remain separate and distinct.

**Death of Johnston.**  
Camp Meade, Middletown, Pa., Sept. 27.—Corporal Roy W. Johnston, company H, engineer corps, died at the Red Cross hospital of typhoid fever. He was a graduate of the University of Nebraska.

**General Wheeler Leaves.**  
New York, Sept. 27.—General Wheeler took his final departure from Camp Wikoff today. The general will inspect the cadets at West Point, after which he will go to Washington.

**Indians Growing Ugly.**  
Cass Lake, Minn., Sept. 27.—Half-breeds and others say that the Indians of Loch Lake are threatening to burn and destroy the buildings, bridges and other property of the Great Northern railway. The trouble is in part the result of the road crossing the reservation and the arrest by the United States marshals and a large force at Walker of some Indians for selling whisky to their own tribe, and trying to create a rebellion against peaceful Indians as well as whites. There is much uneasiness among the settlers.

**Tried to Clean Up the Town.**  
Huntington, W. Va., Sept. 27.—Armed with revolvers, James West, a railway brakeman, attempted to "clean up" the town. He fired several shots into a crowd of negroes. Police hastily appeared on the scene and a fusillade of shots were exchanged. An officer was shot in the hand, but West was landed in jail.

**Slashed His Wrists.**  
New York, Sept. 27.—Edward T. Highland, assistant superintendent of the Burlington and Missouri river railroad, living in Denver, Colo., cut his wrists at the Fifth Avenue hotel. He was attended by a Bellevue hospital physician and placed in the insane pavilion.

**Arrival of Colonel Day.**  
Lima, Peru, Sept. 27.—Colonel Richard Day, the United States minister to Chili, arrived here safely with Mr. G. A. Bridgeman, the new United States consul to Bolivia.

## REMAINS OF COLUMBUS

**Removed From Their Niche to Be Sent to Spain.**

## FOR ONE HUNDRED YEARS

**All That Was Mortal of the Great Discoverer Remained at Havana. Monument Will Probably Never Be Finished.**

Havana, Sept. 27.—The remains of Christopher Columbus were removed from their niche in the cathedral preparatory to their shipment to Spain. They had laid in their late resting place since January 19, 1796, when they were brought from Santo Domingo, that island having been ceded to France by Spain.

Since the date mentioned the remains had laid in open niche in the wall of the presbytery of the cathedral, a yard and a half above the ground, between a pilory supporting the main arch and the choir.

In 1892 there was placed in front of the niche a slab representing in relief a bust of the great admiral, and bearing this inscription in Spanish: "May the Remains and Image of the Great Columbus Lie a Thousand Centuries Preserved in This Urn and in the Remembrance of Our Nation."

After the four hundredth anniversary of the discovery of the new world by Columbus the Spanish cortes included in the Cuban budget large sums for the purpose of erecting a fitting monument symbolizing the travels of the discoverer, to be placed in the most conspicuous place in Havana, and the construction of a mausoleum to hold his ashes.

This mausoleum, the work of the Spanish sculptor Melida, was brought to Havana and placed upon a base erected in the center aisle of the cathedral, closet to the main door. The monument will probably never be built.

## In the Hands of a Receiver.

New York, Sept. 27.—Otto T. Barnard was appointed receiver of the New England Loan and Trust company by Judge Shipman of the United States circuit court, on a suit brought by the Real Estate Trust company of Philadelphia and Sabillon S. Allen of St. Albans, Vt. The company was a large lender of money on western mortgages. Its capital is given as \$825,000, and its last printed statement showed a surplus of \$100,000. The company is said to hold \$5,000,000 in debentures, \$5,000,000 in loans, and to have \$175,000 cash on hand.

## New Cyclists' Organization.

Trenton, N. J., Sept. 27.—The American Racing Cyclists' union was formed here as an opposition racing association to the League of American Wheelmen. Eddie C. Bald was made chairman, and F. Ed. Spooner secretary. An executive committee consisting of Spooner, Bald, Batchelder and Arthur Gardner, was appointed, and another meeting will be held, at the Bingham house, Philadelphia, on Wednesday evening when further steps will be taken to perfect the organization of the union.

## Minister Charged With Perjury.

Zanesville, O., Sept. 27.—Rev. George W. Hissey, one of the oldest and most widely known ministers of the Methodist Protestant denomination in southeastern Ohio, was arrested on the charge of perjury, preferred by W. A. Lent, a school teacher of Springfield township. It is alleged that Mr. Hissey committed perjury in testifying that his signature to the bond of a defaulting township treasurer was a forgery.

## Victory For the French.

Paris, Sept. 27.—An official dispatch from St. Louis, Senegal, French West Africa, says a force of Soudanese sharpshooters, in the French service, commanded by Lieutenant Woolfel, has defeated an army of Sofas, under one of Samory's chiefs, capturing 5,000 men and seizing 300 Gras rifles and quantities of ammunition. It is added that the French force had one sharpshooter wounded.

## Klondike Hold-Up and Murder.

Seattle, Wash., Sept. 27.—Parties who arrived here from Alaska report a hold-up and murder on the Dalton trail. H. Frazer and E. L. Tolner of Seattle were held up by two men near Haines Mission and robbed of \$4,000 in gold. The body of C. W. Martin was found near the scene with a bullet hole through his head. He had been robbed of \$4,000.

## Typhoid Fever Victims.

Des Moines, Ia., Sept. 27.—William Mowrey of company D, Fifty-second Iowa volunteers, and William Blakesley, company E, Fiftieth Iowa regiment, have died at the Red Cross hospital, Camp McKinley, of typhoid fever.

## TWO FATALLY HURT.

**Sells Brothers' Circus Train Wrecked in West Virginia.**

Huntington, W. Va., Sept. 27.—Sells Brothers' circus train was wrecked at Wilsontale, on the Norfolk and Western railroad. James Doyle of Philadelphia and Harrison Kipps of Virginia were fatally injured. A car with elephants rolled down an embankment and the animals were injured, but none killed.

## Will Take Care of the Boys.

Milwaukee, Sept. 27.—Soldiers of the Spanish-American war, when so disabled that they can not care for themselves, will be admitted to the National Soldiers' homes. Senator John L. Mitchell says that while the law provides that the national homes are for disabled soldiers of the civil war, some discretion is given the board of managers of the homes in a clause which permits such other soldiers to be cared for as in the judgment of the managers is deemed right.

## Warships at the Dry Docks.

Vallejo, Cal., Sept. 27.—Work on the gunboat Yorktown is nearly completed at Mare Island, and will be ready to go into commission next month. Work on the Adams is about finished and all the workmen will probably be off of her by Wednesday. Commander B. B. Tilley has been assigned to the vessel and she will probably go into commission soon after her arrival at the yard. It will be but a short time also till the Hartford is able to leave the dock. The Albatross is at the yard awaiting repairs.

## Revised Army Officers.

Philadelphia, Sept. 27.—Rev. Cyrus L. Brady, archdeacon of the Protestant Episcopal diocese of Eastern Pennsylvania, and chaplain of the First regiment, Pennsylvania volunteers, in a sermon severely criticised the management of the volunteer camps which came under his supervision at Chickamauga, where his regiment was stationed for a long time. He said the medical, commissary, quartermaster and ordnance departments were all to blame for the distress of troops.

## New York Republicans.

Saratoga, Sept. 27.—The early hours showed little change in the political situation. The friends of Colonel Roosevelt reiterated their expressions of confidence that he would be nominated and elected governor, while the managers of Governor Black's campaign declared that he could not be. The principal interest is in what Colonel Roosevelt's attorneys will say in their formal reply to the charge of ineligibility.

## Arrived From Ponce.

New York, Sept. 27.—The transport Yucatan, Captain Robertson, arrived from Ponce and Santiago with 134 officers, privates and civilians, the latter mostly discharged laborers and packers. All are well. As the transport has been at sea for a period longer than the incubation period of yellow fever, she was permitted to proceed to an anchorage.

## Second Ohio May Go to Manila.

Knoxville, Tenn., Sept. 27.—The Second Ohio has been instructed to make out a requisition for new tents and other equipment needed. This is looked on as a confirmation of the report which has been current at Camp Poland for some time that they will be ordered to Manila.

## Cuban Soldiers Starving.

Washington, Sept. 27.—Senator Quesada received a telegram from General Gomez, who is at Key West, in which it is stated the Cuban army has been starving for more than two weeks. Aged persons and children in Santa Clara province are dropping off every day. The general appeals for aid.

## Free Entry of Canal.

Havana, Sept. 27.—General Blanco has authorized the free entry of the Comal and other vessels bringing supplies for the relief of the sufferers in Cuba. Matanzas, now and in the future, as reported, will be the first port where relief supplies will be landed.

## Alger Concludes His Tour.

Savannah, Sept. 27.—Secretary Alger has now concluded his inspection of southern camps and hospitals and will return to Washington. He announced that the capacity of the general hospital at Fort McPherson will be doubled at once.

## New Incorporations.

## A Sudden Summons.

Huntington, W. Va., Sept. 27.—William Walton, a wealthy Pittsburg business man, dropped dead here while en route home from the seashore.

## HAS THE RIGHT OF WAY

**Roosevelt Train Under a Full Head of Steam.**

## NOMINATION FOR GOVERNOR

**Seems to Be Almost a Foregone Conclusion—Governor Black Will Not Go to Convention to Work For Himself.**

Saratoga N. Y., Sept. 27.—There is hardly an impartial observer here who does not believe that the ticket to be nominated by the Republican state convention will be headed by Colonel Theodore Roosevelt for governor and Timothy L. Woodruff for lieutenant governor.

Chauncey M. Depew who is to name Mr. Roosevelt, arrived here, and is positive that his candidate has an almost clear field.

It was pretty well decided that Governor Black will not go to the convention. His friends are urging him to do so, but up to this time he has stoutly maintained that it would not be undignified.

One of the first callers on the governor was Frank Platt, and following a pleasant conversation with him, the governor cordially received Mr. Depew, Senator Ellsworth and several others of the Platt forces.

Later Mr. Platt, Mr. Payn and Governor Black met and had a very pleasant conversation. The fact that the platform will endorse Governor Black's administration is indicative of good feeling.

The leaders of the party put the finishing touches on the platform, and that document is ready to be reported to the convention.

It will be one of the briefest platforms ever adopted by a Republican state convention, comprising not more than 1,000 words. The document will not be made public until it is reported to the convention.

The platform will endorse the administration of Governor Black and review the proceedings of the last two sessions of the Republican legislature. Beyond that the platform will not deal with state issues, but will chiefly touch questions of a national scope, including an unqualified and vigorous endorsement of President McKinley's administration.

One of the most important planks will declare in favor of the retention of the Philippine Islands and against the return to Spain of any conquered land. Another plank will recommend the passage of a currency bill which shall reorganize the government paper money on the basis of the gold standard.

## Troubles of Celestials.

Washington, Sept. 27.—Mr. Wu Ting Fang, the Chinese minister, said that he had received no word concerning the reported death of the emperor beyond the press reports. The troublous condition of affairs in China is exciting much apprehension here, mainly because of the threatening attitude of the great powers, and their readiness to seize upon any pretext for further encroachment upon Chinese territory. Following the return of the dowager empress to power, which was thought to be a move in the interest of Russia, a British fleet is said to be headed for Ta Ku, leading to Peking, for the purpose of a demonstration.

## Touched a Live Wire.

Malone, N. Y., Sept. 27.—Gordon Williams of Saratoga Lake was instantly killed in the basement of his father's store by coming into contact with a live wire. His brother, Roy Williams, went to his assistance, followed by Bert Mumm and Will Johnston. Each in turn undertook to pull the others from the wire, but all were transfixed in deadly grasp. The father who, hearing their cries, rushed into the cellar, and by superhuman efforts succeeded in pulling three of the men from the wire.

## An Announcement.

Boston, Mass., Sept. 27.—The uncertainty which has existed regarding the Boston Shoe company's affairs and its relations to the United States Rubber company has been dispelled by the official announcement of President Converse that terms have been arranged whereby the United States Rubber company acquires control of a majority of the capital stock of the Boston company.

## Rome's Reply.

Rome, Sept. 27.—The government has sent to Russia a diplomatically worded acceptance of the czar's invitation to take part in an international peace conference. In its note of acceptance the government expresses sympathy with and admiration for the objects of the czar.

Lima, Peru, Sept. 27.—It is announced here that President Errazuriz of Chili has suffered a slight paralytic shock, but his condition is improving.

For Kentucky—Generally fair; winds becoming northerly.

The county pauper claims have been reduced over \$1,500 since the Fiscal Court passed the order placing the allowance of such claims in the hands of the County Judge. The move was a good one, as has already been demonstrated.

The county has paid out over \$5,000 for guarding tollgates and turnpike bridges. At that rate the cost of guards would have amounted in a few years to the price asked for the pikes. The roads have been made free, however, and it now only remains for the people of the county to vote the bonds to pay for them and keep them free.

## "SHOULD HAVE BEEN SHOT."

That's What An Army Officer Says of the Dog Doctor Who Had Charge at Chickamauga.

(Lexington Special in Courier Journal.)

Captain Theodore Botkin, formerly Assistant Adjutant General of the Second brigade, Second division, Third army corps, is here awaiting orders for duty. Captain Botkin talked freely regarding the charges against the regimental and brigade commanders as being responsible for the condition at Chickamauga Park. He said: "The Second division, First corps, hospital at Chickamauga was worse than hell itself. It was the filthiest place I ever saw. The condition of affairs I believe is due to the bullheadedness of Dr. Huidekoper, who would take nobody's suggestion and knew nothing himself. His system in taking from the regiments all their surgeons and medical corps and putting them in the division hospitals demoralized the regiments so that hundreds of men fell sick who would have remained sound had the medical officers been in the regiments to have administered to them properly. Now that Dr. Huidekoper has resigned, I want to say that he should have been shot."

A Case of Alleged Pension Fraud Turned Up in This City.

Special Pension Examiner Martin, of Covington, was here a few days ago investigating an alleged pension fraud.

Last month Mrs William Glover was granted a widow's pension of \$8 a month and received about \$600 arrearages.

The investigation disclosed the fact that William Glover, her husband, had obtained a divorce from her some years before his death.

She claims, however, that she never knew anything of the divorce, and that even after it was granted she and William continued to live together as man and wife up to the time of his death, and she saw that he was given a decent burial.

In some States this cohabitation would have been recognized as a common law marriage, and she would have been entitled to the pension.

In Kentucky, however, the law is different, and the Pension Examiner decided that she was not entitled to the pension.

She had \$100 of the money left in bank and was required to turn this over to the Examiner. With some of the money she had purchased a house and four acres of ground opposite Manchester, and she was notified that she would have to turn this over to the Government also.

A sister of Glover, living in Cincinnati, gave the case away to the Government authorities because the widow refused to divide the pension with her.

The Fourth Kentucky regiment, now at Anniston, Ala., has been brigaded with the Third Alabama, a colored regiment, under Gen. Compton. The other regiments of the brigade will be the First or Second regulars, which are expected to arrive in a few days. The Fourth regiment is in the First brigade, First division, Third army corps. Gen. Frank is the Division and Corps Commander, and he thinks that the brigading of the Fourth with the negro regiment and the regulars means that it will go to Cuba among the very first. A writer says: "At first there was trouble among the members of the Fourth about being brigaded with the negroes, but when they learned that it insured them going to Cuba they were content."

The ladies of the Presbyterian Church of Augusta will give an excursion to Cincinnati on Tuesday, October 4th. Round trip from Maysville \$1.50. Tickets good going on train leaving Maysville at 5:30 a. m. Good returning on train reaching Maysville at 7:50 p. m. Tickets on sale at Chenoweth's.

In a suit at Cythlana, the claim is made that the city has no school board, because the elections of 1893, 1895 and 1897 were each held by secret ballot, when the law expressly requires the election of all school trustees to be by viva voce vote.

LIEUT. WILLIAM O. THOMPSON, aged thirty years, died in the hospital at Jacksonville, Fla., of typhoid fever. Young Thompson was formerly of Ashland, but went to Fremont, Neb., a few years ago and enlisted in the army there, being Second Lieutenant in Company F, in W. J. Bryan's regiment.

Large Attendance at Sunday's Rally—Fine Address by Rev. J. W. Porter.

If the interest shown in the Sunday rallies by the men could only be awakened so that they would renew their membership in the association those who have the affairs of the association at heart would have no cause for any more of the anxiety that is being experienced now as to the future of this grand work.

Sunday's meeting was a glorious one; there were 101 men present and twenty-five ladies who came by special invitation to hear Rev. J. W. Porter's address on "Card Playing". Never was there a straighter talk given on this important subject; it was listened to with marked attention by the men, some of whom, it is claimed, had not entered a church door for years, and we have to thank this earnest christian gentleman for his appeal to the men, which is sure to bear fruit.

Miss Lida Rogers played charmingly the solo "Intermezzo" by Mascagni and also the patriotic airs, "My Country, 'Tis of Thee," &c., being accompanied by that accomplished lady, Mrs. Randolph Madison, who is always ready to give her time and help to the association when called upon by the Secretary. Rev. Boyd Muse sang in good voice, "Ashamed of Jesus." Mr. Allan D. Cole was the leader of the meeting and singing. Come out next Sunday and hear Dr. Stucky, of Lexington.

IN OCTOBER

Grand Lodge of Masons To Discuss a Very Important Question.

[Lexington Herald]

There will be an important question presented at the next meeting of the Grand Lodge of Free and Accepted Masons of Kentucky, on the third Tuesday in October next. It is in regard to the action of the Masonic Grand Lodge of Washington in regard to negro lodges existing in that State. Grand Master Reginald H. Thompson, of Louisville, will report upon the matter in his annual address, and the attitude of this Grand Lodge toward Masons claiming allegiance to the Grand Lodge of Washington will be determined.

That the Grand Lodge of Washington has acted illegally is beyond question, so say the Masons who have studied the subject; and Grand Master Thompson will not shirk the responsibility. So every Mason who wishes to learn some important facts in the history of American Masonry ought to be present at the Grand Lodge meeting.

HARRY OXLEY

Relates the Incidents Leading to Emma Gill's Death.

Bridgeport, Conn., Sept. 27.—The complaint against Oxley and Guernsey in the Emma Gill case was changed from attempt to procure an abortion to that of manslaughter. Guernsey is out on bail, but Oxley is still in jail.

It has been learned that the brother of Harry Oxley, who visited him at the jail, took into his confidence a friend and told him the substance of a confession alleged to have been made to the police by the arrested men.

The brother said that when Harry was arrested his mother told him to tell the whole truth in the case and this is his story:

"Emma Gill told me of her condition and I told Guernsey, and the latter told me to marry the girl if I felt sure the responsibility was mine.

"I went to Emma Gill and expressed my willingness to marry her, but she said this was entirely unnecessary. She knew Dr. Guilford and that she could cure her of her trouble by an operation and she would get out of her trouble that way.

"She did not wish to marry me because there was another fellow (Foster) who wanted to marry her, and did not know her true character. He would make her a better home she thought than I could, and considered him a better catch."

Nowadays when women are trying to do everything it is not strange that many things are overdone. It is not strange that there are all kinds of physical and mental disturbances. If the woman who is a doctor, or a lawyer, or a journalist, or in business would not try to be a society woman too it might be different; but the woman who knows when she has done a day's work has yet to be born. Usually a woman's way is to keep doing until she drops. Working in this way manifests evils. The most common trouble resulting from over-exertion, either mentally or physically, is constipation of the bowels, with all its attendant horrors.

Dr. Pierce's Pleasant Pellets are the most effective remedy in the market. They work upon the system easily, naturally. There is no unpleasant nausea after taking them. No gripping—no pain—no discomfort. They are composed of materials that go through the system gradually, collecting all impurities and, like the good little servants that they are, disposing of them effectually.

Ball Player Killed.

Stroudsburg, Pa., Sept. 27.—During a game of base ball at Gouldsboro station, a short distance above here, a pitched ball hit Charles Long of Steubenville. He got up to play after being struck, fell to the ground and rolled over dead.

A SOLDIER'S SWEETHEART.

Her Photograph Was Dropped by a Dying Soldier in Cuba.

Do you know this young woman? If you do, you can probably offer a sequel to one of the minor romances of the war and solve a mystery which has puzzled a war correspondent not a little. This is a picture of a soldier's sweetheart, but who she is or who was her soldier lover is not known. The picture was drawn from a photograph which a dying volunteer dropped on the trail near El Poso, just outside of Santiago.

The photograph is the one war relic which Mr. Earl B. Brandenburg of Dayton, O., brought home from the war. He went to Cuba as a war correspondent

WHO IS SHE?

[Drawn from a photograph dropped by a dying soldier near Santiago.]

and had made an all night detour with Lawton's men from El Caney when he met the man with the photograph. Two colored soldiers of the Twenty-fourth infantry were carrying a white volunteer on a rough litter. In one hand the wounded man clutched the photograph. The correspondent asked the soldiers who he was, but they did not know. As they walked off toward the hospital the photograph fell from the nerveless fingers of the soldier. Just then a battery came thundering along, and a horse's hoof stamped the picture in the mud. The correspondent rescued it as soon as possible, but by that time the colored soldiers and their probably lifeless burden were beyond reach.

From the fact that the photograph bore the imprint of Calumet, Mich., Mr. Brandenburg concluded that the soldier came from that state, and for several reasons he would like to return it to the young woman whose sweet face it bears. In speaking of it he says: "If the unknown Michigan lad who owned the picture died on the way to the hospital or before reaching it, he would have been buried as an unknown, and since the men who were carrying him had not received him from the regimental surgeon and there had been no men of his regiment with him he is in all probability accounted for on the regimental records as missing. This picture may be the link in a mystery which would never be otherwise solved, and if he was identified at the hospital or identified in his regiment it will still be a source of great comfort to the bereaved loved ones to have the picture which he clung to when he knew he was facing death."

Philadelphia, Sept. 27.—The board of directors of the Union Traction company elected John B. Parsons president and George D. Weidener vice president. Mr. Parsons has been general manager of the company since 1896, coming here from Chicago to assume the position. He began his street railroad career in this city in 1870 as a conductor.

LOUISVILLE TOBACCO MARKET.

No Improvement Last Week—Trade Sluggish and Unsatisfactory.

[Furnished by Glover & Durrett, Louisville Tobacco Warehouse.]

Sales on our market for the week just closed amount to 1,619 hhds., with receipts for same period 614 hhds. Sales on our market since January 1st amount to 11,571 hhds. Sales of the crop of 1897 on our market to this date amount to 69,234 hhds.

There has been no improvement in the condition of the market the past week, as compared with that of previous week. Some sales of good leaf have been made as high as \$15.75, but in the main the market has been sluggish and unsatisfactory to sellers.

The work of harvesting the new crop is progressing rapidly, but in some parts of the State many crops are not yet sufficiently matured to be cut. The following quotations fairly represent our market for burley tobacco (1897) crop:
